

MICHAEL TETTEH

INSPIRATIONAL. CONVICTION. POTENTIAL.

After a successful **professional soccer career with the Seattle Sounders FC**, Michael Tetteh "takes the field" with corporate audiences to inspire greatness based in his true-life story.

Having overcome tremendous obstacles in his youth, Michael Tetteh's story is an emotional tale of poverty, politics, and a quest to play professional soccer.

Growing up in Ghana, Michael dreamed of taking the field against European powerhouse Manchester United to compete against the world class players he idolized. Achieving this dream, however, pales in comparison to his leadership quest to change a nation.

Individuals worldwide are inspired hearing Michael's journey from a mud hut to playing in front of 70,000 fans in major league soccer. Michael's unique approach to leadership combines fitness and leadership to create perfect harmony in the workplace. Audiences love Michael's energetic approach to proven John Maxwell leadership techniques.

Michael Tetteh is a **Certified John C. Maxwell Speaker**, who leads businesses to set smart goals and overcome tremendous odds.
